Principal's Message

Chris lores should inform you about the goings on of this new school, another sprout in the grand old tree of the Christ Nagar Group of Institutions. Even as we began a little later than most of the schools we decided that we shall rise to the occasion to cope with the day to day challenges. With approximately 700 students upto class 5, we have worked our way through as a team, spreading the aura of our founder **St. Chavara**. Here in this journal, a signature of our institution, I hope you get a clear picture of our activities at school as we imbibe in our students a culture that stands true to the motto, Christ Nagar Stands for Excellence. We want our children to be happy in school, dreaming new dreams, learning how to use science for peace, and believing in the collective goodness of people to create a world that they deserve. Leaving aside the small inconveniences and limitations of an upcoming institution, we extend a hand to the society of Attingal ensuring that we shall do our best for you.

‘Wishing you a very happy Onam’.
